BUDGET ASPHALT REPAIRS

INTRODUCTION AND COMPANY OVERVIEW

Budget Asphalt Repairs is a Brisbane / Gold Coast based asphalt company specialising in small to medium sized pothole, asphalt and bitumen repairs as well as asphalt reinstatement and small to medium construction works.

EXPERIENCE

With over 23 years of experience and commitment to quality and customer service we are your guarantee of satisfaction. Because small to medium asphalt repairs are our specialty, we have the right equipment and techniques to work in confined spaces that are more difficult for larger, traditional asphalt repairers.

DEDICATION

Our dedicated crew continually and successfully undertake asphalt works, completing a wide range of projects exceeding the client's expectations.

SERVICE

We service Brisbane and the Gold Coast and always make your asphalt repairs our priority. Team Budget Asphalt is Brisbane's Small Job Specialist.

We offer a team of dedicated, professional and qualified staff using asphalt specific machinery.

BUDGET ASPHALT REPAIRS

OUR DIFFERENCE

FAMILY OWNED AND OPERATED

We are a family owned and operated Queensland asphalting company with over 23 years of asphalt experience.

PERSONAL SERVICE

Being small enables us to deliver personal service to all of our customers. This means the person quoting the work also does the work!

We pride ourselves on our friendly no-nonsense approach to every job and our ability to understand our client's needs. Our sales staff are also our tradespeople, therefore we don't have unnecessary layers of communication. When you talk to us, you talk to people that actually know who you are and the requirements of your job – first time, every time.

SPECIALIST KNOWLEDGE

We have the specialised equipment required to get the job done right. We arrive at the site with the right equipment and products and we are always mindful of the site challenges and constraints such as safety, noise, uninterrupted and convenient traffic flows. We also take pride in leaving each site clean and clear.

INDUSTRY EXPERIENCE

With years of industry experience, we understand the challenges posed by Queensland conditions.

LOW COST

We endeavour to keep our overheads low where possible and this means that we are able to offer cheaper prices for those that are budget conscious or constrained. This does not mean that we skimp on service or asphalt products. We aim to deliver quality results on time and on budget, meeting client expectations in all cases.

BUDGET ASPHALT REPAIRS

SERVICES

POTHOLE AND BITUMEN REPAIRS

A pothole can be a major costly repair if not fixed. The pothole will segregate water into the sub base making it a major repair. We have specialty trucks and equipment so we can fix the area on time with a professional finish.

TRIP HAZARDS

A simple trip hazard can be as small as 10mm high (or less) than the existing ground and can cause a major upset to shopping trolleys, high heels or even a wheel chair. We can minimise the problem cost effectively by using asphalt - at a time that suits you.

CRACK SEALING

A crack in asphalt or bitumen can be caused by wet and dry weather or maybe a poor top surface. The cracks then let in water which softens up the base turning into a pothole or a major repair. We can minimise this from happening by sealing the crack with a hot rubberised bitumen which you can drive or walk on in no time minimising your down time and saving you money in the long run.

TRENCHES

We can reinstate asphalt to the area in a time that suits you to minimise any effect on your customers or family.

BUDGET ASPHALT REPAIRS

SPEED BUMPS

Budget Asphalt Repairs can build a speed bump from asphalt to any specification you need and we can even organise the line marking.

PREVENTATIVE MAINTENANCE

Preventative maintenance is something we can take off your hands. Budget Asphalt Repairs has more than 23 years' experience in the industry. We offer a service to give you a report on your car park, driveway, or private road and give you a maintenance schedule that will save you dollars by us keeping cracks, potholes, edge breaks etc under control.

OVERLAYS

If you have an asphalt or bitumen area that has deteriorated over the years and want it looking beautiful again give we can make your old area look new again.

DISABILITY ACCESS RAMPS

Access ramps are important for people with limited access. We can build a ramp from asphalt to suit your needs. These ramps have specifications to meet safety standards, you can rest assure we know these standards and you will get the right job, first time!

BUDGET ASPHALT REPAIRS

WE BUILD

- ☐ bin bays
- ☐ carport bases
- ☐ bike tracks
- ☐ footpaths
- ☐ Plus a lot more!

TRICKY & UNUSUAL JOBS

These asphalt jobs could be steps to the river, bunding to contain an area, or a spoon drain to divert water. These are just a few examples of successful jobs we have done. Even limited access is not a problem. No matter what you want in asphalt, you can be assured we will be able to do it.

TESTIMONIALS

“ I just wanted to let you know how happy I was with the repairs you completed on my driveway this week. Since it was a relatively small job, I was expecting a cost effective patch-up, but because your guys took such care in blending the repairs, It now looks as though I've had that part of my driveway totally resurfaced! Not only that, it's at around one third of the cost of the other quotes I received. Thank you so much. Would recommend your services happily to anyone. *Daphne (July, 2014)*

“ We've been using Budget Asphalt for all of our asphaltting for the last 2 years now. During this time we have found Dean and his team to be friendly, prompt and reliable. They have been very helpful and flexible with their service and have very reasonable and competitive rates. Most importantly, their work is of a high standard. *Jason, MMM Pipelines (January, 2014)*

“ We would like to thank you for conducting works for us involving the placement and compaction of approximately 170m of an asphalt bund/drain. The standard of the finished product was very good and acceptable to both us and our client. We would happily engage Budget Asphalt Repairs again in the future to perform works of similar type of nature, taking on the learnings from this project and its difficult nature. *ProBuild (January, 2014)*

“ Just wanted to let you know we are delighted with our new driveway. The street appeal of our home has been enhanced dramatically and our drainage issues resolved. The finished product is better than we had hoped for. It has been a pleasure to deal with you and your professional team. Quite simply you did what you said you were going to do and did it perfectly. We have no hesitation in recommending Budget Asphalt and would proudly show off our driveway to future customers. *Kirsty and Brad (December, 2012)*

“ As a small drainage contractor one of the most important things to my business is reliability. I expect that from both my employees and suppliers. Some of the work that Dean has carried out ranges from a patch in the road to a full driveway. Dean has been prompt and competitive with his prices and also helpful in quotations at short notices. Dean and his company have the standard of achievement I was looking for in a asphalt company. I have no hesitation in recommending Dean as his team to anyone looking for a company to install asphalt. *Robert (November, 2012)*
